If I had one quibble however, this book (like every other potty training story book I have read) emphasis the use of a squatty-potty (if you will) and based upon the advice of the Potty Training in Three Days book (available on Amazon) you should eschew that method and go straight to putting your child on the toilet. Other than that, the book is great. Pro tip; replace the name of the boy in the book with you son s name when reading.
